

Product description

Retractable mirror with nylon fixing
Measure 500x500 mm
Side fasteners finish in white.
Easy to tilt.

Technical specifications:

Mirror with nylon fixing. The product consists of a main nylon body which is designed to incorporate a mirror inside. The mirror is manufactured in sheet glass. The side fasteners in the form of two interlocking cylinders, have plates with an internal element for fixing to the wall using screws. The structure has a white finishing with treatment which assures an optimal resistance to daily use. The total measures of the mirror are 500x500 mm. The mirror code is GW11 41 09 00 manufactured by GENWEC WASHROOM, S.L. - Av. Joan Carles I, 46-48- L'Hospitalet de Llobregat. www.genwec.com
